Script structure

1. Hook (1 min)

- "If you're Algerian and thinking about university abroad — I want to tell you why Budapest changed my life."
- Who Yacine is (brief — they likely already follow him)
- What this video is: honest overview, not a sales pitch

2. Why Hungary / Budapest (3 min)

- Quality education, English-taught programs
- Lower cost vs Western Europe [*confirm current tuition ranges before stating numbers*]
- EU degree, life in the heart of Europe
- Algerian community already there — you're not alone
- Personal moment: why Yacine chose Budapest

3. What the journey looks like (4 min)

Walk through 5 steps simply:

1. Watch this orientation → decide
2. Consultation → pick program + understand costs
3. Documents + application

4. Acceptance → visa

5. Arrive in Budapest

Emphasize: **we guide you at each step** — our company, not the old agency.

4. Two paths — be clear (2 min)

- **Stipendium Hungaricum:** government scholarship, free to apply, official website — we explain, we don't charge for the application
- **Self-funded:** tuition + our support service — full guidance

Don't promise either is easy — be honest about requirements.

5. Social proof (2 min)

- ~100 students per semester through the pipeline Yacine built
- Real student moment (one story — name + program if permission granted)
- Community in Budapest

6. What we offer — our company (2 min)

- Online orientation (free)
- Consultation → document checklist → application support → visa guidance → arrival help
- More universities coming through co-founder's university partnerships
- Algeria office + Hungary expertise — one team

7. Who should apply / who should wait (2 min)

- Good fit: motivated, documents ready, realistic budget or scholarship path
- Wait if: no clear goal, expecting guaranteed visa, not ready to study

8. Call to action (1 min)

- "Sign up for free orientation series on [website]"
- "Message us on WhatsApp — link below"
- "Next video: exact documents you need"

End screen

- Website URL
 - WhatsApp link
 - "Follow for Module 2: Document checklist"
-
